

Theme: Creating a sustainable world
Date: 21 October 2021
Venue: HPE House
Slåttervägen 20, Solna
Timing: 10:00 - 12:30 (session 1)
16.00 - 18.30 (session 2)
Note: Pick any one session.

With the ambition to inspire girls in the areas of technology, science and engineering, Zenseact, PwC, Ericsson, and HPE, in collaboration, are pleased to invite you to a **Girls In Tech** event.

There is a lot being done today to increase diversity and bring about change in Sweden and elsewhere in the world. The math is simple – to have more women in tech tomorrow, we need a greater number of girls choosing tech today.

To help enable that to happen, we invite girls from classes 7,8 and 9, with an interest in **technology** to find out more about **innovation and sustainability in our connected world**.

We will bring you inspiration and fun, as well as an opportunity for you to get answers to any questions you might have regarding your future -- with representatives from KTH and other tech gymnasiums present at the event.

Snacks and refreshments will be provided. Please sign up by sending us an email to girlsintech.sthlm@gmail.com letting us know:

1. Name(s) of student that will participate
2. Contact number in case of emergency
3. Allergies (if any)
4. Signed consent document (see attachment) – to be handed over at entrance

Welcome!

Vanessa Eriksson, Ulrika Andersson, Gemma Vall-Ilosera & Anna Grano
